Product Fiche

Model: GREENSTYLE PLUS 24000 UE / GREENSTYLE PLUS 24000 UI

Manufacturer : ARGOClima SPA - via Alfeno Varo, 35 - Alfianello (BS) – Italy;

Sound power level (indoor unit / outdoor unit): 63 / 66 dB(A);

Refrigerant: R32

Refrigerant leakage contributes to climate change. Refrigerant with lower global warming potential (GWP) would contribute less to global warming than a refrigerant with higher GWP, if leaked to the atmosphere. This appliance contains a refrigerant fluid with a GWP equal to 675. This means that if 1 kg of this refrigerant fluid would be leaked to the atmosphere, the impact on global warming would be 675 times higher than 1 kg of CO₂, over a period of 100 years. Never try to interfere with the refrigerant circuit yourself or disassemble the product yourself and always ask a professional.

Cooling mode

SEER: 6,5

Energy efficiency class: A++

P_{designc}: 6,7 kW

Annual electricity consumption **359** kWh per year, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.

Heating mode

Climate type: Average (-10°C) / Warmer (+2°C)

SCOP: 4,1/5,2/-

Energy efficiency class: A+/A+++/A-

P_{designh}: 5,7/7,0/- kW

The back up heating capacity for SCOP calculation: # kW.

Annual electricity consumption **1950/1859/-** kWh per year, based on standard test results. Actual energy consumption will depend on how the appliance is used and where it is located.
